PlayCleanGo® Awareness Week

FREE TOOLKIT

OVERVIEW

- PlayCleanGo Awareness Week takes place June 4–11, 2022 across North America.
- The goal of the campaign is to show outdoor recreationists how they can help slow the spread of invasive species.
- Tag PlayCleanGo in your posts to help us see who's joining the movement @PlayCleanGo
- The campaign hashtags are **#PlayCleanGo** and **#PlayCleanGoWeek**
- All campaign materials are online at <https://playcleango.org/take-action/playcleango-awareness-week/>

PlayCleanGo Awareness Week is sponsored by four prevention partner organizations:

- PlayCleanGo: [PlayCleanGo.org](https://playcleango.org)
- Don't Move Firewood: DontMoveFirewood.org
- Hungry Pests: www.aphis.usda.gov/hungrypests
- Stop Aquatic Hitchhikers: <https://stopaquaticitchhikers.org/>

Campaign contact:
Krista Lutzke,
PlayCleanGo Program Manager

PlayCleanGo Awareness Week (June 4 - 11, 2022)

Hosted by the North American Invasive Species Management Association (NAISMA), PlayCleanGo is an international interactive campaign that teaches the importance of stopping the spread of aquatic invasive species, invasive plants, plant pests, and plant diseases and the role that we all play when enjoying the great outdoors. By sharing simple tips on how to responsibly enjoy outdoor activities without unintentionally transporting hitchhiking plants or pests, one of the goals of the campaign is to show how taking even 30 seconds to check and clean your gear before heading out can make a difference. It is an easy thing to do, and everyone can be part of the solution.

PlayCleanGo Awareness Week Partners

PlayCleanGo Awareness Week also reaches beyond individual outdoor enthusiasts. We have joined with several organizations across North America to help spread the message, including The Nature Conservancy's Don't Move Firewood Campaign, USDA Animal and Plant Health Inspection Service, Canadian Council on Invasive Species, Mexico's National Commission for the Knowledge and Use of Biodiversity, USDA Forest Service, the U.S. National Park Service, the U.S. Fish and Wildlife Service, Leave No Trace, the Bureau of Land Management, state and local parks, some outdoor retailers, the Cooperative Invasive Species Management Areas, and many others.

You + PlayCleanGo

PlayCleanGo is designed for outdoor educators, recreation leaders, and other environmental professionals who work with the public. By using a consistent message across the continent, we can work together to spread awareness about invasive species prevention.

Outdoor recreationists play an important role in protecting our natural spaces. The PlayCleanGo Awareness Week campaign engages our recreationist community through videos, social media channels, local media outlets.

PlayCleanGo will also hold contests using the hashtag #PlayCleanGo, or #PlayCleanGoWeek, which will encourage outdoor enthusiasts to demonstrate how they “PlayCleanGo,” incorporating some of the simple tips we highlight during the campaign, taking the PlayCleanGo Pledge, or sharing PlayCleanGo with their family and friends.

Here are the 6 simple tips we’ll focus on:

1. Clean your shoes, clothes, packs, and pets before and after exploring and stay on designated trails.
2. Clean your horse's hooves and feed them weed-free certified hay before your adventure.
3. Clean, drain, and dry your watercraft and angling equipment to [stop aquatic hitchhikers!](#)
4. [Don't move firewood!](#) Buy it where you burn it, buy certified heat-treated firewood, or gather on site when permitted.
5. Before traveling to new areas, inspect and clean your trailers, off-road vehicles, and recreational vehicles with water or compressed air to remove mud, plant parts, and hidden pests.
6. Take the PlayCleanGo pledge and invite your family and friends to do the same at [PlayCleanGo.org](#).

1. Limpia tus zapatos, ropa, mochilas y mascotas antes y después de explorar, y manténgase en los caminos designados.
2. Limpia los cascos de tu caballo y aliméntalo con heno certificado libre de malas hierbas antes de salir de aventura.
3. Limpia, drena y seca tu embarcación y equipo de pesca para detener a las invasoras acuáticas.
4. ¡Por favor, no te lleves leña del lugar! Compra leña del lugar, o si está permitido recógela en el mismo sitio en que la usarás.
5. Antes de viajar a nuevas áreas, inspeccione y limpie sus remolques, vehículos todoterreno y recreativos con agua o aire comprimido para eliminar lodo, trozos de plantas o plagas escondidas.
6. Comprométase con la campaña de PlayCleanGo e invita a tu familia y amigos a hacerlo [PlayCleanGo.org](#)

THIS IS FOR YOU

PRESS RELEASE TEMPLATE

Insert your organization's information and send it to all your local news media.

Impact of Invasive Species

545 of 1,300 US threatened or endangered species are at risk because of invasive species. You can help by making #PlayCleanGo part of all your adventures by cleaning your gear and your ride before new adventures! Get PlayCleanGo facts and tips here: www.playcleango.org/awareness-week and follow @PlayCleanGo

En Estados Unidos, 545 de las 1300 especies amenazadas o en peligro están en riesgo por las especies invasoras. Tu puedes ayudar, solo con limpiar tu equipo y vehículo. Conoce más tips de PlayCleanGo aquí:

www.playcleango.org/awareness-week @PlayCleanGo #PlayCleanGoWeek

Invasive species cost the US \$138 billion per year in environmental damages, control and losses. But recreationists can help! After caving or climbing, wash hands, clothes, footwear and anything else that may have touched the ground wall or other surfaces. <https://playcleango.org/take-action/#caving> #caving #climbing @PlayCleanGo #PlayCleanGoWeek

Las especies invasoras representan una pérdida de \$138 billones de dólares al año, en daños ambientales, control y pérdidas. ¡Los **excursionistas** pueden ayudar a controlarlas! Después de escalar o explorar cuevas, lava tus manos, ropa, botas y cualquier otra cosa que haya tocado las paredes o superficies <https://playcleango.org/take-action/#caving> #caving #climbing @PlayCleanGo #PlayCleanGoWeek

Preventing The Spread of Invasive Species (Calls To Action/CTA)

You might be a pro at outdoor recreation, but are you using #PlayCleanGo's #ProTips to Stop Invasive Species In Your Tracks? Get the pro-tips today! PlayCleanGo.org and following @PlayCleanGo #PlayCleanGoWeek

Tal vez seas un profesional de las actividades al aire libre pero ¿estás usando las recomendaciones de PlayCleanGo para detener a las especies invasoras? Conócelas aquí PlayCleanGo.org #ProTip #PlayCleanGoWeek @PlayCleanGo

Water is vital to our ecosystem and is the source of life for all living things. When you #PlayCleanGo by cleaning, draining, and drying before entering a new body of water, you help protect waters from invasive plants and animals.

@PlayCleanGo @StopAquaticHitchhikers

El agua es vital para nuestro ecosistema y es la fuente de vida de todos los seres vivos. Ayuda a proteger los cuerpos de agua en los que pescas. Deja los restos de carnada, y trozos de peces, que no quieras llevarte en la basura en vez de en el agua. #PlayCleanGoWeek @StopAquaticHitchhikers

There are 50,000 invasive species in the US - but there are millions of recreationists that can #PlayCleanGo! Inspecting and hosing down your RV and off-road vehicles with water or compressed air can slow the spread of invasive species. Learn more by following @PlayCleanGo and @HungryPests

Existen más de 50,000 especies invasoras en los Estados Unidos, y hay millones de personas que hacen actividades recreativas. El simple acto de rociar tu vehículo con manguera o aire comprimido, o barrer el interior puede hacer la diferencia para reducir la dispersión de plagas invasoras en tu comunidad. Aprende más siguiendo a @HungryPests y @DontMoveFirewood #NoMuevaLaLeña #NationalRVday @PlayCleanGo #PlayCleanGoWeek

Hungry pests can't move far and wide on their own. But when people travel, pests can accidentally come along for a ride-making it hundreds of miles in a single day. Make sure you check your equipment wheel wells for dirt and egg masses, and please- don't move firewood! Learn more by following @HungryPests and @DontMoveFirewood @PlayCleanGo #PlayCleanGoWeek

Por sí mismas, las plagas no se pueden mover a grandes distancias. Pero cuando la gente viaja, las plagas pueden venir accidentalmente a dar un paseo, recorriendo cientos de millas en un solo día. Asegúrese de revisar todo el equipo y los pozos de las ruedas en busca de suciedad y masas de huevos, por favor- no mueva la leña, en cambio, compre la leña donde se va a usar.

Aprende más siguiendo a @HungryPests y #NoMuevaLaLeña #PlayCleanGoWeek

Take these easy steps to stop invasive plants and pests: Stay on trails. Clean your gear, clothes, and animals before exploring a new natural space, and take the #PlayCleanGo Pledge today! www.playcleango.org/awareness-week
@PlayCleanGo

Aplica estos sencillos pasos para detener a las plagas invasoras: camina sobre los senderos designados. Limpia tu equipo, ropa y animales. ¡Comprométete a participar con el programa PlayCleanGo! <https://playcleango.org/take-action/>
@PlayCleanGo #PlayCleanGoWeek

Gardening is a great way to spend time outdoors while staying in your own backyard. Remember to #PlayCleanGo and clean your gardening tools between uses so as to not to spread disease from plant to plant. @PlayCleanGo
@HungryPests @DontMoveFirewood

La jardinería es una manera excelente de pasar tiempo en tu jardín. Recuerda comprar plantas que sean nativas para tu área y limpiar tus herramientas después de cada uso, para no propagar enfermedades entre tus plantas.
